The Smart Choice for Public and Not-Profit Sector Employees.

The MNU Public Administration (PA) program is uniquely designed to meet the needs of individuals who work for public sector agencies, such as fire and police departments; city, county, and state offices; and for non-profit agencies such as The Salvation Army and similar organizations.

Public Administration coursework covers a wide array of topics, including organizational behavior, management issues, communication, planning, and budgeting. We also incorporate a values-oriented approach that is critically needed in today’s working world.

Designed for Working Adults

The PA program is an accelerated bachelor’s degree completion program for adults 21 and older with at least 44 transferable college semester hours. Students may complete as much as their last two years of college credit in just 14 months.

Coursework is presented in two formats:
- online (85%)
- on site (15%) in a one-week session at end of the program

Designed to Help You Succeed

Since 1987, thousands of students have achieved their dreams of earning a bachelor’s degree while balancing school, work and life responsibilities.

At MNU, our programs are designed to allow individuals to experience spiritual, intellectual, personal, and professional growth in an environment of personal care, service and teamwork. It really is a smarter, faster way to get where you want to go in life.
