IV. Daily Proceedings

Wednesday, August 5, 2009

The 85th Kansas City District Assembly convened at Olathe College Church of the Nazarene on Wednesday evening, August 5, 2009, at 7 P.M. Kevin Koker and the worship team lead the congregation in singing. Rev. Matt Zimmer brought greetings from the Nazarene Publishing House and introduced books available for purchase at the display.

Rev. Rowell spoke of what a special honor it is this year to welcome the newly elected 37th general superintendent in the Church of the Nazarene. It was an historic moment in Orlando, Florida, on June 30, 2009, that will be treasured for many years by all of us. The video of the election was shown.

Rev. Jeren Rowell, district superintendent, introduced the focus for the evening. The theme was "In your going . . ." The purpose of our gathering in these days is that we might remember that to which we are being called by our Lord. Rev. Rowell affirmed the message of our denomination: To make Christlike disciples in the nations. Dr. Duarte called the 85th Assembly to order and presented Jeren Rowell for his report.

Rev. Rowell introduced and recognized the Kansas City District pastors stating what an honor it was to share this report as our report not his report. He then spoke about what it means to make Christlike disciples in ways that go beyond a program or strategy but is understood as the very nature of our life in the world as God's people, whatever we are doing and wherever we are going. It's not just what we do, it is first who we are.

Rev. Rowell then introduced 5 congregations that were in a special way making disciples, in their going. Each had a unique story from partnering with existing ministries, to serving the homeless in rural communities, to working with the marginalized who are trying to escape the world, to meeting people in the marketplace and finally to a gentleman's club. Rev. Rowell then cautioned the district family that this level of engagement with our world is costly, dangerous, and forces us on our knees in utter dependency upon the Holy Spirit.

Rev. Rowell then introduced Margie Schwarz and asked her to give just a glimpse of how scores of families on our district have taken as part of their disciple-making mission to welcome the orphaned into their lives and homes.

Rev. Rowell continued his report with the focus being on mission accountability and theology.

Rev. Rowell ended the evening speaking of Dr. Bond's morning devotional from Philippians 1:20-27 during the recent general assembly in Orlando, Florida, sharing the passage "I live in eager expectation and hope that I will never do anything that causes me shame, but that I will always be bold for Christ, as I have been in the past, and that my life will always honor Christ." He then shared how the Spirit said to him "I want you to give renewed attention to drawing up close to Jesus—going deeper in authentic holiness and a life of love made perfect." He then told the district family that we desperately need a fresh sense of vibrant, holy living which is nurtured in a life of prayer. This is not an either/or proposition, for effective mission rises from a vital connection to God.

Thursday, August 6, 2009, Morning Session

Rev. Rowell welcomed the assembly and introduced General Superintendent Dr. Eugenio Duarte.

MidAmerica Nazarene University singing group, Anthem, lead the congregation in worship. Dr. Duarte preached on how fire separates, devours and works in purification. In the Old Testament (Exodus 13), fire is used to denote the presence of God. Our God is an all consuming fire. Ashes, however, can kill the fire. The remainder of anything God has done to purify must be removed so it cannot kill the fire. Malachi 1:11—“My name will be great among the nations . . .” Jesus says worship Him in truth. Worship offerings in the temple represent our lives of worship today. God is interested in filling us and provides fresh food. The Word of God that feeds us is always fresh and fills our needs. Oil represents the anointing we need to be the people God created us to be. We have a Lord who made provision through the cross for the perfect relationship between God and us. We are empowered through His sacrifice to live a holy life.

Rev. Rowell prayed.

V. Reports

A. DISTRICT SUPERINTENDENT

August 5, 2009

“Go into all the world and make disciples.” We know these words. Many of us can quote them from memory. It is one thing, however, to know the words and a much deeper thing to surrender our lives to their meaning. Dearly beloved Nazarene family, the purpose of our gathering in these days is that we might remember that to which we are being called by our Lord. I know this service has been framed as a time of celebration of what God is doing among us. This is right and good, but may I also dare to suggest that God could use this gathering to call us to repentance? You’ve heard the definition of insanity? “To keep doing things the same way and expect a different result.” Would you be open to the possibility, even tonight, that the Spirit of Christ who gathers us as God’s people in this moment, may desire not only to bless and encourage us but also to correct and challenge us? Would you agree with me if I say, “God our Father, Christ the Son, and blessed Holy Spirit . . . have your way with us tonight?”

We are invited to be co-laborers in God’s mission in the world. We know the commission to go and make disciples. Our denominational leadership has placed this essential command at the center of how we understand our work: “to make Christlike disciples in the nations.” This expression helps us to see that the command is really not about the going; it is about the making of disciples. Dr. Roger Hahn points out in his recent commentary on Matthew’s gospel that it is probably more accurate to translate the words of Jesus, “When you go, make disciples.” As Dr. Hahn writes, “the commission of the Church is not simply to go; going is assumed. This mission of the Church is to make disciples of all nations.”

So tonight, I’d like to gather our thoughts, our thanksgiving and our response to the words of Jesus under this way of saying it, “In your going . . . make disciples.” We will focus tonight on how that is happening and on how God might challenge us to engage even more deeply a disciple-making life.

We have the very special honor this year of welcoming the newly elected 37th general superintendent in the Church of the Nazarene. It was an historic moment in Orlando, Florida, on June 30, 2009, that will be treasured for many years by all of us. Watch again this wonderful announcement (video).

Please join me in welcoming to the Kansas City District our presiding general superintendent, Dr. Eugenio Duarte.

Dr. Duarte, members of the Advisory Board, pastors and laypersons of the Kansas City District, it is an honor to bring you my fourth report as your district superintendent. The thing is it’s really not my report; this is our report. I’d like to ask every pastor to stand. I want especially to recognize the greatest team of pastors anywhere in the Church of the Nazarene. It is an honor to serve alongside you and I count it a high privilege to be your pastor. We are talking tonight about what it means to make Christlike disciples in ways that go beyond a program or strategy but is understood as the very nature of our life in the world as God’s people, whatever we are doing and wherever we are going. To understand Jesus’ words accurately is to sense their movement, the vitality and life of our disciple-

making mission in the world. “In your going . . . make disciples.” Now some of you who give attention to detail may have wondered why those ellipses are there. We’re not leaving anything out, that’s what Jesus said. “Go and make disciples . . . in your going . . . when you go”—nothing is left out. I put those marks there with intention because I wanted us to pause and reflect for a bit on what the “in your going” really involves. It’s the idea that making disciples was never intended to be our hobby or one of many options, or a special ministry for just a few. It’s not just what we do, it is first who we are. And if it is indeed about who we are, then it involves every moment, every detail, every interaction, every corner of our lives. I do not assume that every Christian lives with this mindset. In fact, I know that many of us have learned to separate our church life from the rest of life. We know that our faith and our world each make claims upon our lives. So simultaneously we work with the tensions between being members of the kingdom of God in the midst of life among the kingdoms of this world. Some Christians handle this tension by taking an isolationist approach. The mindset here is that the world is just evil and Christians should do everything they can to withdraw from it. Others seem to take an antagonistic approach, the idea that we are in a battle to stake out Christian territory in the culture that is determined to destroy us. There is another possibility, and I’m suggesting to us that it is implicit in the Great Commission. It’s the idea of engagement, “in your going.” It’s the willingness and frankly the risk to see lost and broken people not as a problem to be solved but as a people to be joined.

I am pleased to report that on the Kansas City District we have scores of pastors and congregations who are taking this engagement approach to our disciple-making mission and learning how to shift our thinking from a world to the church idea, to a church into the world idea. I wish I could tell all the stories tonight, there are so many wonderful examples that we could celebrate. I do want to share just a few that hopefully will serve as inspirational examples to us of how to live out the mission of Jesus: “In your going . . . make disciples.”

One of these in your going ministries is happening through one of our newest congregations. Our Water’s Edge Church and Pastor Rickey Creel have made this kind of engagement part of their way of life from the beginning. Here’s one part of the story (video).

Part of what is important about this example is the idea of partnership with existing ministries. Rather than reinventing we can come alongside an existing ministry that is making a difference in the neighborhood. And speaking of the work of transitional housing, one of the most significant examples of this in the whole State of Kansas is what’s happening in Paola with Pastor Jay Preston and My Father’s House. Do you know that tonight in rural Kansas (not considering the five counties with larger cities) there will be over 3,000 homeless persons—in rural Kansas! The people of Grace Revolution Church of the Nazarene and the My Father’s House transitional ministry are making disciples in their going through the hidden corners and forgotten places of the broken people that our culture throws to the curb.

Rural Missouri has a similar story of course. One congregation that is learning what it truly means to join marginalized people in their going is our Canaan Hill Church in Lawson, Missouri. Hide Away Lakes in Ray County has become just what the name implies, a place for people who want to hide to get away from crowds and to escape the scrutiny of the wider culture. Over 200 families reside there on a full-time basis. Many of them go simply because it is the cheapest property around. Still others have addictions that force them to live where they cannot easily be found. Regardless of why someone moves to Hide Away Lakes, one thing is quickly learned—you shouldn’t trust anybody but yourself, especially someone from the outside, someone who is not one of us. Well the pastors and people of Canaan Hill Church have decided that the everyday going part of making disciples includes doing the long and sometimes hard work of building relationships of trust with this out of the way community.

Last year, coming out of an Easter season class, Jim and Wendy Swindell were called and sent to Hide Away Lakes, on a weekly basis, to preach the gospel to any who would listen. The next week they spent their first hour as Sunday School teachers, with Sunday School curriculum, sitting at a picnic table in Hide Away Lakes, praying for and waving at anyone who walked or drove by. Within a month, one or two people came over to join them; eventually, these people even started to come on time! When winter finally came, the Bible study was welcomed into one of the nearby homes, and now, over a year since they first began, Jim and Wendy have had significant opportunities to share their life and

faith with no less than 30 people living in that community. One resident has begun attending church at Canaan Hill Church of the Nazarene. Mike, or Hippie as everyone knows him, is a recovering addict, and is quick to admit that he is the last person that he thought would ever be in church. Hippie bears witness to the transforming grace of God in Christ and gives praise to God and thanks for Jim, Wendy, and Pastor Mike who have loved him and nurtured him in the way of Christ. In his own words of testimony, he “used to think about killing and raping people, but now the Lord has taken all that away and I just want to help people.” The ministry of Canaan Hill at Hide Away Lakes is not convenient. It is costly not only in terms of the time spent but also in terms of the burdens that are borne when you love someone enough to really listen to their story of pain and disappointment and love them through it.

Do you know there are many kinds of poverty? Even in the most affluent sections of our district, there are people whose lives are broken with the impoverishment of what this world offers and never can truly deliver. Our Olathe Faith Journey congregation has intentionally positioned themselves in the mall where they can make connections with multitudes of people who are in and out of the marketplace. Listen to how one man describes the way this “in your going” ministry has changed his life. He writes, “Pastor Michael, who knew when I first walked through the doors of Faith Journey Church how much God would connect with me and teach me through a church in the mall, full of people I had never met? I dropped in just to check it out and I have stayed ever since. God has had to really deliver me from some destructive, sinful habits and continual poor decision making. Thanks for faithfully reminding us the truth about sin, forgiveness, grace and mercy. Today when I came to service weak, I left restored!”

When we get serious about making disciples in our going, it will inevitably lead us to some out-of-the-box, not normal, stretch the limits, and maybe even make us blush kinds of strategies that put us in contact with the very people Jesus seemed to want to hang out with. One of the most remarkable strategies I’ve ever seen comes through the obedient, radical love of a group of Nazarenes in Gardner, Kansas, who decided that God was calling them to find a way to let the people at two local gentlemen’s clubs (so called) know that Jesus loves them. I want you to hear this remarkable story, and just so you don’t miss the point, when they talk about going to the clubs, it’s the women of the church who go and reach out to the girls who work there. Watch this (video).

Really? Would Jesus really lead His holy people into this kind of engagement with the world? I have here a letter from the owner of one of these clubs. Listen to what he says, “I grew up thinking that religion was all about control of other people, and if you didn’t fit the mold, you were thrown to the other side of the line. Either you’re a good person or a bad person. They criticize you if you don’t follow their rules even if you didn’t know the rules. From what I know of Jesus, I thought He talked to all people and did not judge them but explained what they should be doing and let them figure out what they needed to change.” There’s more, but listen to how God helped Pastor Donnie and Erin to process this outside the lines ministry (video).

Great connection about the parables of Jesus. If you’ve paid any real attention at all to Jesus’ parables, you realize that they were not nice little stories to help people understand things better. As one writer said, “If you want to begin to understand these parables, you need to ask yourself, ‘Why would you kill somebody for telling this story?’” Loved ones, are we willing for the model of Jesus to become more than nice stories we tell on Sunday? Are we willing actually to enact the life of Jesus in the dark corners of our world? Just one more word from the Millers as they take us inside this remarkable in your going ministry (video).

The club owner writes, “Since Erin and the ladies started coming I have had two people ask me what I know about religion and that they were never taught anything about God. So I told both they could call and these people would be glad to help with their questions without judging. Not in a million years would I have thought I would be sending friends to church people to learn about God. Thanks for giving us a chance to see another side of religion.” Now, I’m not suggesting that all churches seek this kind of ministry—in fact you should not do it unless God directs—and that’s the point. This isn’t about coming up with a good idea. This is about living in obedience to the direction of the Spirit who will teach us how to make disciples in our going. We’re talking about a level of engagement in the disciple-making mission of our Lord that goes way beyond our gatherings on Sunday and our programs that mostly are about making us happy. We’re talking about a level of

engagement with our world that is costly, dangerous, and forces us on our knees in utter dependency upon the Holy Spirit.

Just one more example, and I'm sorry that there's not time to tell your story. I know that many of you right now are thinking about ways that you and your church are embracing this kind of lifestyle evangelism and that is wonderful—I praise God for it. But for those of us who prefer the safety of our nice little group or well-ordered way of going about our business, would Jesus have something to say to us tonight about our obedience to His command?

It is beyond argument that caring for the widow and orphan is at the heart of what God desires for His holy people. A beautiful ministry that has emerged on our district is the Orphan Initiative. Margie Schwarz from Kansas City First Church is coming to give you just a glimpse of how scores of families on our district have taken as part of their disciple-making mission to welcome the orphaned into their lives and homes.

We all know that the past church year has included some of the most dramatic changes in our culture that we've seen in a long time. Hard decisions have been made at all levels of the church. I believe that this is not all bad by any means; there is purgative value to times when we are forced to reevaluate that with which we've become so comfortable. Nevertheless, our report this year is not one of setback and decline. Thanks to God, the churches of the Kansas City District have experienced what I am calling hard won growth. Usually, that's the very best kind. Let's review some of the data that gives us a picture of our collective ministry this year. Perhaps the most encouraging part of this report is to see a significant increase in the number of new Nazarenes. This certainly has something to do with our intentionality about making Christlike disciples. I want to encourage us to rediscover the power of Sunday School or small group ministries in this disciple-making work. Just putting on a good worship service each week will not accomplish the whole of our work. It is no accident that our churches that are growing have vibrant small group ministries.

	2008	2009	Change
New Nazarenes	527	729	+202
A.M. Worship	13,896	14,085	+189
Sunday School Enrollment	20,939	21,056	+117
Sunday School Attendance	9,395	9,952	+557
Total Mission Giving	\$2,301,606	\$2,199,578	-\$102,028
Total Raised for All Purposes	\$27,553,515	\$24,987,144	-\$2,556,371
Membership	18,331	18,530	+199
New Churches Started	2	2	
Churches Organized	2	1	

In terms of our finances, the downturn this year is, of course, not a surprise. However, it actually turned out much better than our mid-year projections, for which we give God thanks. One very important health indicator is our generosity toward those outside our immediate ministries. Let's look at how we did in this regard. As you know, last year the assembly voted to move to giving on a current income basis rather than apportionment on last year's spending basis. This is very similar to what the general church has now recommended for implementation in 2010.

	<i>Our Plan (13 percent)</i>	<i>Actually Given</i>	
World Evangelism Fund	\$1,380,897	\$1,350,003	98%
Pensions and Benefits	\$368,239	\$343,303	93%
MidAmerica Nazarene University	\$696,202	\$649,058	93%
District Fair Share	\$460,299	\$431,655	93%
District Auxiliaries	\$86,306	\$80,936	93%

The positive aspect of this plan is a much greater overall participation by our congregations. Nearly all of our churches have met this challenge to embrace the same tithe and offering stewardship to which we call our people.

We want to rejoice with 15 churches that have qualified for the Sunday School Honor Award and you are seeing those on the screen now. We also have six congregations that have qualified for the Superior Award. This is tremendous and we congratulate these pastors and churches! We want to honor one of our churches receiving the General Superintendent's Growth Award. This award is to a church that has seen remarkable growth and involvement in mission expansion. This is the second consecutive year for this congregation to receive this award. Congratulations to our Independence First Church and Pastor

Daniel McCarthy. Our thanks to Dr. Shaun Sutton and the Sunday School Ministries Board who lead us in planning and preparing for strong Sunday School ministries across the district.

I want us to congratulate our Gardner Trinity Family Church which was officially organized this year, and we heard about their effective ministry earlier. We should mark the closing of two congregations this year: Kansas City Stony Point and Mound City. However, these are not stories of defeat. I want to honor the faith and vision of folks who remained in these congregations because they released what God had given to them over the years and made it available for new ministries to begin. The Stony Point Church is now home to one of our new congregations under the leadership of Pastor Judy Sanders. And the Mound City facility is now home to a vibrant and effective inter-denominational congregation in rural Northwest Missouri that is being led by Nazarene elder, Pastor David Showalter. I wish I had time to tell of the people who have come to Christ and the lives that have been touched through these ministries, but we thank God for the willingness of Nazarenes to embrace a Kingdom mindset.

Let's take just a moment to congratulate three congregations who are completing building projects: Topeka Family Life is completing their first building and hopes to be worshipping there soon. Our Kearney Crossroads Church finished their beautiful new facility in month and held their service of dedication on April 26. Olathe Westside moved into a new addition on July 19 and will hold their dedication on November 15. Congratulations to these pastors and congregations!

I also want to take this opportunity to welcome our new pastors to the district or to new assignments since our last assembly. We welcome Branson Roberts, Topeka First; Brad Estep, Kansas City First; Michael DeBoef, Kansas City New Hope; Eric Shaiffer, Maryville; Keith Jackson, Marshall; Tommy and Stephanie Lobdell, Kingston; John Ramsey, Richmond; John Wright, McLouth; Philip Friday, Kansas City Risen Lamb; Roger Glick, Weston Community; Dan Donaldson, Holton; Keith Knaak, Craig and Oregon; Bruce Beatty, Ottawa; and Chris Burrell, Sedalia. Please join me in welcoming these new pastors.

In a moment we are going to receive an offering, otherwise we'd be hard pressed to call this a Nazarene gathering! Our offering tonight will be for the purpose of starting new churches. We have a lot of work to do and so many target areas that we've had to put on hold because the resources are so thin right now. Your generous participation will really help.

As our ushers are coming, I want to acknowledge with deep gratitude the work of gifted colleagues who come alongside me every day to fulfill the responsibilities that you have given to us. Great thanks to Keith Metcalf, Renee Cornelius, Jerry Carlson, Margaret Tyler, L. D. Holmes, Jim Bearden, Ken Niles, and Leonel de Leon—would you please join me in saying thank you to these wonderful leaders?

We have some very special guests here this evening that I'd like briefly to introduce to you. Among the out-of-the-box ways in which God is leading us to deeper involvement in the disciple-making mission of Jesus is through collaboration and partnership with groups beyond our Nazarene tribe. This year we have been blessed to make special connections with the Ethiopian Evangelical Christian Association. Rev. Gizaw Dirseh is their leader. Also, through our Victory Hill Church, we have been able to extend hospitality to the Chin Evangelical Congregation, a wonderful group of believers with Burmese roots. Pastor Chan is their leader. Our Overland Park Antioch Church has made connection with another group of African immigrant believers who are meeting in their facility each Sunday afternoon for prayer. Rev. Paultycarp Oregio is their leader. These are the kinds of partnerships that we must increasingly embrace if we are to be faithful stewards of all that God has entrusted to us. Please join me in welcoming these representative leaders to our assembly.

Finally tonight, I want to share with all of you what I have shared with our pastors since returning from general assembly. Each morning of the business sessions at general assembly, general superintendents' emeriti are invited to bring the devotional to begin the day. I do not say this lightly, but during Dr. Bond's message on that Wednesday morning, the Lord spoke to me. The text was Philippians 1:20-27, but I didn't get much further than the first verse: "I live in eager expectation and hope that I will never do anything that causes me shame, but that I will always be bold for Christ, as I have been in the past, and that my life will always honor Christ."

From that text and in those moments as Dr. Bond passionately shared his reflections, I sensed the Spirit clearly saying to me: "I want you to give renewed attention to drawing up

close to Jesus—going deeper in authentic holiness and a life of love made perfect.” Loved ones, here is my very simple but passionate plea with which I’d like to bring to close our reflections this evening. It seems that we have spent so much energy in the past number of years focusing on strategy, evangelism, church growth, new church development, so forth. That is right and good. We certainly do want to exercise our gifts faithfully, and we want to be effective in making Christlike disciples. However, it seems to me that we desperately need a fresh sense of vibrant, holy living which is nurtured in a life of prayer. This is not an either/or proposition, for effective mission rises from a vital connection to God.

Toward that end, I am once again inviting all of our pastors to join me in an extended prayer retreat in January. This was a glorious time this past January as we simply gathered to pray and encourage one another. Lay leaders, mark down these dates and please go back to your church board and make sure you make it possible for your pastor to attend this prayer retreat. I also want to just mention that work is underway to bring a Holiness Summit to our district and to the campus. This movement has been gaining momentum across the church. It’s simply a time to refocus on our message and to pray for God’s cleansing and empowering work in us in fresh ways.

Nazarenes, we need more than ever to give our very best energy and commitment to drawing up close to Jesus, to go deeper in authentic holiness and a life of love made perfect. Yes, of course this is by Grace, but it also calls us beyond our tendency to settle for what is comfortable into pursuing the desire to God’s power demonstrated through us as we live in obedience to our Lord’s disciple-making commission. Jesus said, “Blessed are those who hunger and thirst for righteousness, for they will be filled.” May God grant us grace to be hungry and thirsty!

Thank you for listening tonight. We have many things for which to give thanks and praise to God. And we have many things for which we need the sanctifying power of Christ to correct, renew, and equip us for life in this world. As our musicians come to lead us in a final song, will you use these moments to respond in your mind and heart to what the Spirit of the Lord has been saying to you during our time together tonight?

The challenges are bigger than all of us. But may I remind us again, it’s not about our abilities—it’s all about the Father, Christ the Son, and the Holy Spirit into whose care and keeping we commit our lives. So may the peace of our Lord be with you all.

Respectfully submitted,
REV. JEREN ROWELL

B. DISTRICT SUNDAY SCHOOL AND DISCIPLESHIP (SDMI) MINISTRIES BOARD CHAIRMAN

Thank you, the churches of the Kansas City District, for allowing me the opportunity to serve our district in this capacity.

I want to especially thank our District SDMI Board, for the dedicated people who sacrificially serve the children, youth and adults of our district.

As I begin my report, I would like to highlight several, significant achievements in this last church year.

- Despite a terrible winter storm on that morning, almost 400 people attended our annual TEAM Day event on February 28, 2009.
- Our district camps continue to be an effective and evangelistic method of reaching our children and youth.
- Many of our children’s quizzers participated in the World Quiz during general assembly and conventions in Orlando, Florida.
- Senior adult ministry is alive and very well.

In the coming year we will work towards the following goals:

- District participation in the “Ignite” Men’s Conference, August 14-15 at College Church in Olathe.
- To ensure that our TEAM Day (formerly known as Sunday School Convention), scheduled for February 27, 2010, will provide the most time—efficient and resourceful ministry training/equipping opportunity possible.
- Help and assist our district Women’s Ministries to find a director. This ministry is too important to the women of our district for this position to remain vacant. Please pray and assist our district as we seek the right leader.
- Include the participation of Hispanic, African-American and other people groups on our District SDMI Board.

To the hundreds and thousands of local church teachers and volunteers, stand firm and do not grow weary in your efforts to disciple people in the Christian faith. Thank you for your willingness to share and model the life of Christ to the children, youth and adults of our district. Your work is not done in vain.

Thank you to our district superintendent, Jeren Rowell, and the very gracious and gifted servants on our District SDMI Board. God grant that we, as a district team, will move into this next year with a commitment to reach more people for Jesus and help them grow into Christlike disciples.

Respectfully submitted,
DR. SHAUN E. SUTTON

2. Nominating Committee

Report No. 1

The Nominating Committee, appointed by the district superintendent and approved by the District Advisory Board, met on May 19, 2009, at the district center.

4. District Budget/Planning Committee

The District Budget/Planning Committee believes stewardship is a vital ingredient of Christian living. We further believe obedience is necessary to Christ's command—to go, to be, and to do. This report reflects:

1. Faith—in God and in the members of the Kansas City District.
2. Plans—although the proposed budget does provide for maintenance ministry, there are line items for growth and evangelism.
3. Responsibility—to God and to you who consistently support the local church.
4. Fairness—the shift to the Giving to Others Plus Three Stewardship Plan is fair and equitable to all churches. All churches are called on to follow the Biblical model of tithes and offerings.
5. Appreciation—the record of giving by Kansas City District Nazarenes is a cause for rejoicing.

Kansas City District Giving to Others Stewardship Plan

The Giving to Others Stewardship Plan is based on God's statute: "When you receive the tithe I give you you must present a tenth of that tithe as the Lord's offering." (Numbers 18:26) The committee recommends to the assembly approval of a tithe and offering system of church apportionments rather than a formula based on the previous year's pastor's report.

Since it is understood that the Biblical principle of "tithes and offerings" is both universal-ly accepted by our churches and encouraged to be tested by God (See Malachi 3:8-10), the Giving to Others Stewardship Fund will be a weekly tithe on all monies raised with the only exception being pass-through monies (see the appendix for what constitutes pass-through monies) and an additional three percent offerings. These funds will be sent to the district treasurer who will divide each local church's Giving to Others Fund monies according to the approved formula and then send the appropriate monies to the respective recipients.

The recommended formula for the Giving to Others Stewardship Plan will be:

Pensions and Benefits	2.0%
MNU	2.5%
District	2.4%
WEF	5.5%
District Auxiliaries	.6%
	13%

Giving to Others Stewardship Plan is based on a tithe and offerings (whether through Faith Promise, Easter and Thanksgiving offerings, or some other planned missions giving). Churches are encouraged to develop and implement a plan for educational and participation in global missions. Moreover, the church is encouraged to follow the Macedonian model in 2 Corinthians 8, where Paul writes that the believers: "are also filled with abundant joy, which has overflowed into rich generosity. For I can testify that they gave not only what they could afford, but far more. And they did it of their own free will." (2 Corinthians 8:2b-3)

Addressing some issues with this new giving plan:

The definition of "pass through" monies is as follows:

- In and Out monies given for occasional activities where all the money given is paid out for that purpose (i.e., church camps, Worlds of Fun night, church group outings, etc.).
- In and Out monies given for compassionate ministries where all the money given is paid out for that specific mission purpose (i.e., offerings received for food pantries, clothing, rent assistance, etc., and offerings received for specific families or persons in need).
- In and Out monies given for mission specials where all the money given is paid out for that purpose (i.e., Work and Witness trips, deputation offerings, Kansas City Rescue

Mission, Urban Youth Center, disaster relief offerings, gifts to adopted missionaries, Jesus film, etc.)—please note this does not include monies given for World Evangelism Fund.

- Monies paid to a church in fees by outside groups when those fees are simply passed on to custodians, sound techs, nursery workers, and the like.
- Monies paid to a church day ministry (i.e., preschool, daycare, Christian school, parents' day out etc. [however, any net income the church receives from the day ministry should be considered income and tithed]).
- Monies given to an auxiliary ministry headquartered in a local church (i.e., Chic Shaver School of Evangelism or any other such entity that functions as a subset of a local church [however, any net income the church receives from the auxiliary ministry should be considered income and tithed]).
- Offerings given for non-apportioned educational institutions (i.e., NBC and NTS) and offerings given for MNU that are intended as overpayment or additional giving to MNU beyond the paying of the MNU apportionment, which is included within the 10 percent.

How often do we send in our church's tithe?

Optimally, the tithe should be sent in every week. If your church receives \$1,000 on Sunday, send in \$100 to the district office that week. If your church operates best on a monthly basis, then send in the tithe payment monthly.

Does the local treasurer need to calculate the percentages for each apportionment?

No. The local church treasurer should make out one check to the district reflecting the tithe and plus three percent offerings. The district office will then divide the monies and send them to the appropriate entities. Indication will need to be made what consists of the tithe and what monies are the three per cent offerings.

What will consist of budgets being paid in full?

The church that tithes on all monies received (reflecting as 10 percent of column A of the financial page in the district journal), plus that gives offerings that reflect at least three percent of column A will be considered having all budgets paid in full.

What if a major donor insists on giving only to a certain project with the tithe being sent in for the mission of the church?

In very rare circumstances, the District Advisory Board can approve an exception to this formula. Any request for such an exception must be made in writing to the District Advisory Board.

District Privileges and Responsibilities

Administration

1. The district superintendent with the approval of the District Advisory Board shall make adjustments to the District Operating Budget, if necessary.

2. Members of all district boards traveling to district meetings shall be reimbursed at the rate as determined annually by the IRS. (The rate is 55 cents per mile for 2009.)

3. The district journal shall be allocated to the churches in the following manner. Each church will receive one electronic copy of the journal. Hard copies will be printed by each church. Additional copies of the district journal may be sent electronically to other district leaders as they are requested.

4. At the district assembly an appropriate service of recognition will honor ordained ministers who are voted retired status.

5. In order to assure maximum coverage, the District Advisory Board should review and update the minister's life, hospitalization, and LTD insurance programs annually.

The District Superintendent

1. Is granted a month's vacation with pay.
2. His salary is a priority item in the disbursement of the Fair Share Fund.
3. His Social Security, health insurance, accident insurance, and denominational life insurance shall be paid from the Fair Share Fund.
4. In cooperation with the District Advisory Board, the Evangelism Board, and the Board of Church Properties, he shall plan the mission development program.

The District Treasurer

1. The district treasurer, his assistants, and all departmental treasurers shall be bonded.
2. The district treasurer's books and the books of all department treasurers shall be audited as required by the *Manual*, par. 203.25. The auditor's report shall be filed at the district office.

The District Secretary

The annual report form for the local church shall be sent from the district secretary to the local church no later than June 1, 2010. The report should be returned to the district secretary no later than July 15, 2010.

Local Church Privileges and Responsibilities

Administration

1. An operating Fund for 2009-2010 should be sent to the district office prior to October 1, 2009.
2. The operating Fund should be monitored by the pastor and the church board. Both the pastor and the church board must share the responsibility in developing plans to meet the demands of the budget and in the prompt payment of all obligations.
3. At the first meeting of the church board following the district assembly, a plan should be adopted for each church to tithe on all monies received. Church boards should plan to tithe each week from the local tithes and offerings received through June 30, 2010.
4. All financial obligations of the church should be paid promptly.
5. In cooperation with the denomination, an offering should be received in each church for Nazarene Theological Seminary and for Nazarene Bible College.
6. The Kansas City Rescue Mission should be supported either through special offerings or by a line item in the local church's budget. When the remittance is made to the General Treasurer, Church of the Nazarene, 17001 Prairie Star Pkwy., Lenexa, KS 66220, 10 percent credit will be received by the local church.
7. Local treasurer's books shall be audited/reviewed as required by the *Manual*, par 129.23. A copy of the report shall be sent to the district office within 60 days of completion.
8. Local church treasurers should not participate in the counting of the church offerings. We recommend that two or more persons work together in the counting process and all should sign the counting report. No person should ever count the money alone.

The Pastoral Staff

1. Each full-time pastor and full-time pastoral staff member should receive a minimum salary of \$350 per week. In addition to the base salary, professional expense, car expense, full Social Security, housing (either a parsonage or housing allowance), and district health and life insurance should be given to each full-time pastor and pastoral staff member. If a church is unable to provide the minimum salary and benefits, it should be understood that the pastor or staff member may need to seek additional employment to fill the gap. Also, churches should realize that the minimum salary amount is only a base. Every effort should be made to increase the salary to a level that enables the pastor to live on a level with other professionals in the community.
2. When considering an increase in salary for the pastoral staff, the church board should consider:
 - a. The value and significance of leadership in the ongoing ministry of the church.
 - b. The admonition of 1 Timothy 5:17-18 compels the church to be generous and considerate in its support of the ministry.
 - c. Time expectations, years of service, and educational background.
 - d. Cost of living increase. Since the consumer price index increase for the past year was 4.3 percent, the pastoral staff will only receive an increase in actual dollars if the increase in salary and support is greater than 4.3 percent.

- e. The local church board secretary shall notify the district office no later than September 15, 2009, of the amount of increase given to the pastoral staff. The salary of the pastoral staff is a priority item in the local budget.
3. Church boards should realize that the salary is the only personal, spendable income the staff receives. Car expense, professional expense, Social Security, housing, and health and life insurance are not salary but should be considered ministry expense in the budget.
4. The church board should grant a tax-sheltered annuity of up to 20 percent of the salary for the pastoral staff. The tax-sheltered annuity should be a priority item in the budget.
5. Policy for the District Insurance Program
 - a. The Kansas City District Insurance Program consists of coverage for health and hospitalization expenses (this policy includes \$15,000 life insurance on the insured, \$10,000 on a spouse, and \$5,000 on dependent children).
 - b. The Kansas City District also provides an additional group policy which anticipates participation by every full-time employee of all our units (full-time is defined as 30 hours per week according to job description expectations). This group policy provides \$15,000 life insurance coverage and long-term disability coverage equal to 60 percent of the insured's gross monthly earnings. Only the employee is covered under this group's coverage.
 - c. It is agreed that the cost of this insurance is part of the financial package to be provided by the church for the pastor and family, full-time associates and their families, and full-time lay employees and their families. Since the Group Policy for Life and LTD is noncontributory (premiums are paid by the employer, not the employee), and since the district desires to provide the best coverage at the lowest rates, full participation by all eligible employees is expected. The participation in the Health and Hospitalization policy is optional. However, any eligible employees not desiring the coverage will be asked to sign a waiver. It should be understood that eligible employees must apply for coverage within 30 days of initial eligibility or they will be required to prove insurability. Local churches or other units of the district that are hiring new employees (30 hours or more) must bear responsibility for communicating employment information to the district office.
 - d. Churches, can secure, from the district office, claim forms, reporting procedures, and information concerning optional coverage.
 - e. If any church is unable to pay the premiums on these three policies (hospitalization, life, LTD) the eligible employees must assume the responsibility for keeping the premiums paid by the required deadline.
 - f. Premiums are due in the district office on the 25th day of the month prior to the month's coverage in which they apply. A 30 day grace period will end on the last day of the month to which the premium payment applies.
 - g. If payment is not received by the 15th of the month in question, a cancellation notice will be sent to the eligible employee(s) and the local church treasurer.
 - h. If payment is not received by the last day of the month in question, a cancellation notice will be sent to the church treasurer and all individuals insured by that local church. Any insured person whose premium is not paid by that time will be dropped from the insurance rolls of the district.
 - i. Once an individual is dropped from the insurance roll, it will be necessary to prove insurability before being reinstated. There may also be preexisting condition limitations imposed that would seriously affect the person's benefits for an 18-month period.
 - j. Since there is no fund provision for any subsidy for the insurance program, it is understood that any church allowing a deficit to accumulate in its account will negotiate a loan agreement to care for this deficit within a mutually acceptable length of time.
 - k. A formal agreement containing the above provisions should be adopted by the church board and signed by the secretary, treasurer, and participating employee of the local church each year.
6. In recognition of the services rendered by the pastoral staff, a Staff Appreciation Day should be held yearly.
7. The expenses of the pastor and full-time staff member(s) to conventions, assembly, pastor's meeting, PALCON, and other district meetings should be paid by the church.

These expenses include meals, mileage, and lodging. In addition, the board should provide the incumbent pastor and full-time staff member(s) with a general assembly expense account. Each church should not consider time spent by the pastoral staff at general assembly, district assembly, or the district pastors' conference as vacation.

8. Each church should establish a vacation policy for the full-time staff, based on years of service in the Church of the Nazarene as follows:

4 years or less—two weeks (14 days including two Sundays)

5-14 years—three weeks (21 days including three Sundays)

15 years or more—four weeks (28 days including four Sundays)

9. For physical and mental health, each church should urge the pastor and full-time staff persons to use their vacation time. The year for vacation purposes shall be based on the anniversary date of the pastor's or full-time staff person's initial employment with the local church. Preferably the vacation time should be used during the year or very soon thereafter. In no case shall vacation time be cumulative beyond the following year. The cost of the pastoral supply for the vacation period shall be paid by the local church.

10. Each full-time staff member should be encouraged by the local church to continue educational pursuits. The church board can assist the staff in continuing education by providing a book allowance and/or a continuing education allotment.

11. Church boards are encouraged to insist that the pastor and staff spend significant amounts of time in prayer and the study of the Word in preparation for personal spiritual growth and effectiveness in ministry. Such periods will occasionally require blocks of time solely in prayer and study, away from other responsibilities, and are the duty and responsibility of the Christian minister. It should not be seen as time off, vacation, or as paid leave. Suggested retreats agendas may be offered by the district office for use in such disciplines of study and prayer.

12. *Manual* paragraph 129.10: "In order to encourage a healthy pastoral ministry and the lifelong learning of the pastor, the church board, in consultation with the district superintendent, should provide a sabbatical leave for the pastor following each seven consecutive years of service in one congregation. The timing and duration of the sabbatical shall be determined in consultation with the pastor, church board, and district superintendent. It is strongly urged that the pastor's salary continue in full and the church board provide for pulpit supply during the sabbatical period. Materials shall be developed and distributed by the appropriate department of the church to guide local congregations in establishing and implementing a sabbatical leave policy and procedure."

Evangelists

1. Full-time evangelists, called by the local church, should receive a minimum salary equal to twice the pastor's weekly salary (including benefits, transportation, and prorated Social Security; these items should be covered separately and so designated) policy recommended by Evangelism Ministries.

2. Churches should provide entertainment for the evangelist and all special workers. Pastoral families who entertain these workers should be adequately compensated.

3. When calling evangelists, the local church should give priority to using full-time Nazarene evangelists.

4. If a scheduled evangelistic endeavor is canceled within 60 days of the announced meeting, the local church should pay the worker's total honorarium.

Implementation

Each pastor and one lay delegate (appointed by the pastor) shall serve as members of the Assembly Finance Committee. This report shall be on the agenda of the September Board Meeting of the local church.

5. Kansas City Rescue Mission

We're looking back to plan ahead. In 2003 the Kansas City Rescue Mission leadership team engaged in a Strategic Planning exercise. We planned more than we could ever have hoped to accomplish. And now, amazed at all that God has done, we're looking ahead with great anticipation.

Looking back; program and service improvements include the addition of a full-time

client case manager allowing for every client, personal interviews, acquisition of proper identification, employment and housing opportunities and accountability measures to assist employed homeless clients to save money, maintain employment and secure permanent housing.

Our shelter ministry oversees daily community clean-up by our homeless clients while our food service ministry now requires Kansas City Health Department food handling training for kitchen workers. We've offered ESL classes for clients as well as Spanish classes for staff.

In our chapel ministry, we added a Spanish speaking chaplain, a Spanish language chapel, game and movie nights for clients, Christmas and Easter chapel programs and generally, more relational, creative worship and chapel services.

We changed the culture of our recovery ministry by transforming our Christian Development Program into a Christian Community of Recovery (C-COR). We added a learning center that offers computer, life and job skills training and GED classes. We purchased an inner city house that accommodates five C-COR graduates, we call it Jarrett's Place, in honor of Mission founder Jarrett Aycock. We even planted a community garden there.

We redesigned our website, established a mission-wide wireless computer network, designed a custom data base that connects all mission departments and allows instant access to crucial client information and custom reports.

We bolstered our development efforts, defined and expanded volunteer opportunities and training, added a church and community relations position and increased our emphasis on pursuing grants and organizing special events.

We adopted an *Employee Handbook*, an *Emergency Procedures Manual*, evaluation forms, hiring guidelines, standardized job descriptions and employee orientation procedures.

Looking ahead, there's still much to do. Currently, we're researching the feasibility of establishing and sustaining a ministry for homeless women, and we're considering marketing our custom data base to other rescue missions. We continue to look for ways to train and employ homeless men and to renovate houses to create much needed low income housing.

In the midst of it all—and the reason for it all—Christ is worshiped, lives are changing and the Kingdom continues to grow.

Respectfully submitted,
REV. JOE COLAIZZI

The following assistants were appointed: pages—Gordie Wetmore and Katie Jackson; recording secretary—Jennifer Hunt, and 2 Boards of Tellers.

Brian Wardlaw shared with the convention that there are significant challenges in communication with a district this size, and that the convention would receive nominations from the floor for the age-level representatives.

Brian introduced District Superintendent Jeren Rowell. Jeren encouraged everyone to really tune into what the president had to say in his report.

Brian Wardlaw gave the district NYI president’s report. Brian gave an overview of the district events from this past year. He then shared that a life lived in community is what it’s all about. He shared that he is excited to see that students are beginning to see what it means to be people of God to our own communities. He questioned why people in foreign places may have more hope and faith and wondered if it was because their faith is in things unseen. He shared that we serve an awesome God who got messy during His ministry, instilled healing, hope and peace in a dying situation, and calls us to share this with the world. He finished up by saying that he hopes that we can go to all of our events knowing that we are part of a bigger thing and that is to live as a called out people. He issued us to dream.

Jeren Rowell led us in prayer and asked God to help us remember this moment and what it means to live out this life Brian spoke about.

This team of leaders worked very hard this year to make sure the events run by the Kansas City District were run well, with purpose and with passion. The great part of working with this group of people was that we worked very much like a team, and almost everyone on the team pitched in somehow on every event. We have great youth workers on this district.

Let me start by highlighting our district events and their respective directors. Each director will be giving a more detailed report and promoting this year's events.

Quizzing—Chad Lynn

Breakaway—Chuck Sailors and the Kansas City Urban Youth Center Staff

Momentum/MAX—Tom Craig

Camp—Camp Board—Cory Stipp, Justin Roach, and Robby Giffin

District NYI Convention—Kevin Garber, Jason Matters, and Tom Craig

Our delegates to General NYI Convention in Orlando, Florida, were Jeremy Bird, Tom Craig, Kevin Garber, Joel Hardee, Katie Jackson, Sharon Jackson, Jason Matters, Brian Wardlaw, and Gordie Wetmore. As usual, it was a good time to be together as a worldwide family. Our general convention was the first truly international convention in that we met everyday via simulcast with 7 other world locations. This allowed many more NYI members from our world areas to be a part of the worship and business meetings. We voted the following into their respective offices:

Mark Holcomb—Global NYI president

David Gonzalez—Global Vice President

Regional President—Fred Toomey from the Joplin District.

These were our district events this year and although they were great events, they were just that. NYI, whether in your local church, on a district, on a regional level, or even on a global level, are more than just event planners. They are the lives that are lived in the community of young people and their leaders around this world, the USA/Canada Field, the North Central Region, the Kansas City District and right in your local church. The life lived for Jesus in your community is what NYI is all about. The reason why I have loved to work with the leaders and students on this district is that I believe we are beginning to get the picture that youth ministry is more than events and entertainment. I have had numerous conversations over this past year with students and leaders who are falling in love with Jesus, and as they begin being discipled, they begin saying, "there has got to be more than this!" More than just playing games, more than just being together. I know as we study the gospels that we are being called to become part of something that is so much larger than events. We are being called to a lifestyle that says to the church, "Don't just entertain us! Lead us toward this Jesus that is calling us to be part of something that is so much bigger than what my world offers. Allow us to dream and really seek out with all our heart what it means to be the people of God to our communities. Allow us to be a part of expanding our church past the walls that guard us from the world that we have been called to serve. Walk beside us as we doubt and wrestle with these truths that go against everything our world is preaching to us. Yet at the same time, walk with us as we begin to discover this upside down kingdom that the risen Christ has called us to be a part of, revealing 'on earth as it is in Heaven.'" We don't have to be afraid. We serve an awesome God that became flesh with us and got messy and loved people who were doubting and wrestling with truths and hurting at the core of who they were. He didn't stop there; He didn't just get messy. He then instilled healing; He stopped a dying process and delivered a hope that went beyond death. Then He called us to be a part of this healing. So when He brought you peace in a trying situation, He did that so you could be healed. Then He called you to take that peace to others who were hurting. Nobody said it better than St. Francis in this simple prayer:

Lord, make me an instrument of your peace.

Where there is hatred, let me sow love;

where there is injury, pardon;
where there is doubt, faith;
where there is despair, hope;
where there is darkness, light;
and where there is sadness, joy.
O Divine Master, grant that I may not so much seek
to be consoled as to console;
to be understood as to understand;
to be loved as to love.
For it is in giving that we receive;
it is in pardoning that we are pardoned;
and it is in dying that we are born to eternal life.

So NYI of the Kansas City District, allow the leadership teams in your local ministries to be ones that intentionally lead young people to not only be transformed by the mercy and grace of our Lord Jesus Christ, but also to be called in His power to be a part of His mission in our world. So that, when we play games, hang out and laugh, eat gross food, go to camp, breakaway, quizzing, MAX, mission trips, etc. and etc., we do so knowing that we are a part of something so much bigger than what just our eyes can see because we are a called out people. A called out people who do all these things with a greater hope that "Thy will be done on earth as it is in heaven."

So much more than making sure we run more great events this year that fit within our budget, your district leadership's dream is that we will live as called out people.

Dream, Dream, Dream.

Respectfully submitted,
BRIAN R. WARDLAW
