MNU Library and Opt Out

Alternative Options

- If you want to find alternatives to EasyText eBooks, prefer the physical book or rather get it on your own, we recommend you start your search at the MNU Library, Mabee Learning Commons.
- For all searches, have all the details of the book ready (Title, author, edition/year of publication, ISBN, and publisher)
- **Note:** ISBN is a book's ID number. It can be a 10 or 13-digit number. The same book will have a different ISBN for the physical copy, eBook, and courseware. So be aware, the numbers may not match, but it is because of the format.
